

DOMETIC COOLFUN SCT 26 Portable thermoelectric cooler

Reference: 9600000485

The SC Series is a range of high-performance thermoelectric coolers that includes a cable compartment in the lid. The sturdy carrying handle also serves as a lid support to prevent an accidental opening of the box. The coolers provide cooling up to 18°C below the ambient temperature, while some models can also keep food warm if required.

This quality thermoelectric cooler is ideal for car journeys, camping, picnics or even in the office. Portable, cool convenience!

Cooling wherever you need it!

The Dometic CoolFun SCT 26 offers cooling convenience whether you're at work or at the beach! Cooling up to 18°C below ambient temperature. The USB port in the lid is handy for charging mobile devices and the versatile carry handle also acts as a support or lock for the lid. Using high-performing thermoelectric cooling technology, this unit is very competitively priced. Enjoy ice cool refreshment and keep food fresh, wherever you are!
