

ZIPWAKE IT300S INTERCEPTOR FRONT

Reference: 2011252

ZIPWAKE IT300S INTERCEPTOR FRONT

A front assembly comprises the interceptor's front housing, blade and assisting roller blade, the small parts that deal with blade linear motion and the set of screws required to mount the front to the back plate. The front assemblies of the Series S interceptors have been designed to mitigate further damage to the interceptor in the rare event of contact with floating debris. Each interceptor model's front assembly is therefore available as a spare part.

Technical Sheet

Width (mm)	300
Product type	Interceptor Front
Weight (Kg)	1
