

DOMETIC COOLAIR RTX 2000 Air Conditioner for trucks 2000 W

Reference: 9600010208

DOMETIC COOLAIR RTX 2000 TRUCK PARKING COOLER, 2000 W, 24 V

Self-contained and battery operated truck roof parking cooler with up to 6 h running time. Highly efficient: only 9.5 A consumption in Eco mode. Can be installed in existing roof hatch and with a maximum tilt of 8°.

FEATURES

A CALCULATION THAT WORKS OUT FINE FOR FLEET OPERATORS

A familiar picture in parking areas: truck drivers leaving the engine running for hours to use the air conditioner or to recharge the batteries during their resting periods. This is bad for the environment, and it's also against the law. Tons of fuel are wasted, and fleet operators pay dearly for it, plus it wears down the engine faster. A Dometic CoolAir parking cooler keeps operating costs down. Equally important to fleet owners is the fact that it improves work safety and thus ensures that the driver and freight arrive safe and sound. The CoolAir range includes powerful self-contained air conditioners and a modular split system for tricky installation conditions.

- Up to 6 h running time
- Very quiet running
- Turbo cooling operating mode for quick cooling
- All A/C components integrated into roof unit
- ADR compliant
- High cooling capacity: 2000 W
- Highly efficient: only 9.5 A power consumption in Eco mode

Technical Sheet

Frequency (Hz)	50
Voltage (V)	24
Maximum permissible current (A)	25
Refrigerating yield	6825 BTU / 2 KW
Absorbed average current, refrigerating (A)	8
Running time (h)	
Acoustic pressure	69 dB(A) at 7 m
Length (mm)	860
Width (mm)	645
Height (mm)	310
Dry weight (Kg)	32
Silenced	Yes
Type of climate control	Roof Air Conditioner
Product type	Air conditioner
