

HYUNDAI HY 4500 ATS DYNAMIC 4 KW GENERATOR

Reference: 65016

HYUNDAI HY 4500 ATS DYNAMIC GASOLINE GENERATOR WILL HAVE

Single-phase generator set with maximum power 4 KW with AVR.

The new Hyundai HY 4500 ATS has a new engine and aesthetics. It has an oversized tank, trolley and standard handles for easy transport, electric start and digital display with ammeter, frequency meter and hour meter.

Hyundai HY 4500 is equipped with AVR voltage regulator able to guarantee great stability to the output voltage and frequency values regardless of the load and the motor rotation speed: this machine is therefore suitable, if not subjected to significant load variations, also for the power supply of electronic equipment (computers, televisions and instrumentation in general).

The images are purely indicative.

Technical Sheet

Phase	Single phase
Maximum power single phase (KW)	4
Continuous power single phase (KW)	3.8
Maximum power single phase (KVA)	4.5
Continuous power single phase (KVA)	4.3
Fuel	Gasoline
Frequency (Hz)	50
Voltage (V)	230
Sockets configuration	1x 16A
Engine	HY220
Engine rpm (rpm)	3000
Starting system	Elettrico
Engine capacity (cm ³)	212

Alternator	A120, copper windings
Poles	2
Single-phase power (KVA)	4
