HONDA HRX 537C6 HY EA Lawn Mower: Power and Versatility for Large Gardens

The HONDA HRX 537C6 HY EA Lawn Mower is designed to transform the care of large gardens (over 500 m²) into an efficient and comfortable experience. Combining power, innovation and ease of use, this hydrostatic lawnmower is the ideal partner for a flawless lawn.

Key Features:

Powerful Engine: Equipped with a 202cc Honda GCV200 OHC 4-stroke engine and a rated power of 4.2 kW, it reaches 3600 rpm for exceptional cutting performance. It runs on petrol, with a tank capacity of 0.93 litres and an oil capacity of 0.55 litres.

Advanced Cutting Deck: The 53 cm cutting deck, made of durable Xenoy material, offers wide coverage to reduce working times.

Flexible Cutting System: Equipped with the Versamow variable mulching system, which allows you to choose between collection and mulching. The collection time for 100m² is only 07:07, while for mulching it is 03:09, ensuring efficiency.

Precision Adjustment: The 7 cutting height adjustment positions (from 19 to 101 mm) allow you to customize the look of your lawn according to your preferences.

Maneuverability and Control:

Variable Speed: Forward speed from 0 to 1.6 m/s to adapt to your pace and ground conditions.

Hydrostatic Transmission: Offers smooth and precise speed control.

Roto-stop Blade Brake: For greater safety, allows you to stop the blade without switching off the engine.

Large Collection Capacity: The 85 litre grass collector reduces the frequency of emptying, optimising working time.

Comfort and Noise: Despite its power, it maintains a low noise level of 98 dB(A).

Dimensions and Weight: Length of 1770 mm, depth of 585 mm and height of 1105 mm. With a dry weight of 44.7 kg, it is robust but well balanced for manoeuvring.

The HONDA HRX 537C6 HY EA lawnmower is the ideal choice for those looking for a reliable, powerful and versatile lawnmower, capable of easily managing even the most demanding gardens, always guaranteeing a superior quality cut.
