

DOMETIC FRESHJET 2000

Reference: 9600025737

DOMETIC FRESHJET 2000 IS A ROOF AIR CONDITIONER WITH DIFFUSER FOR MOTORHOMES

Dometic Freshjet 2000 is compact and lightweight, with a light yet efficient air jet: this 2,000 W roof air conditioner is the ideal solution for motorhomes. It cools, heats or dehumidifies the air at the touch of a button. The aerodynamically shaped, dark gray roof unit integrates perfectly with the design of modern motorhomes.

Lightweight and ultra-compact design, ideal for motorhomes.
The aerodynamically shaped, dark gray roof unit integrates perfectly with the design of modern motorhomes.

Refreshes, warms or dehumidifies the air at the touch of a button.

In addition to cooling the air, FreshJet 2000 can also heat and dehumidify. The temperature and fan speed can be set conveniently via remote control.

Adjustable air jet from four air ducts

Dometic FreshJet 2000 has integrated a special diffusion system to ensure a pleasant air flow. Separately adjustable to direct air to where you need it, the diffusers can be oriented forward, backward, right, and left.

Soft-start function

The soft-start function ensures a reliable start even on campsites with low electrical protection.

Product depth 562 mm

Product height 225 mm

Product width 787 mm

Net weight 32 kg

Opening width [mm] 400.00 mm

Input voltage (alternating current) 230 V

Input frequency 50 Hz

Cooling capacity (ISO 5151) 2000 W

Heating capacity (ISO 5151) 1200 W

Power consumption - Cooling mode (ISO 5151) 940 W

Power consumption - Heat pump (ISO 5151) - Display 1200 W

Thermostat controls Electronic thermostat

CE, EMC certificates

Technical Sheet

Frequency (Hz)	50
Refrigerating yield	2000 W
Heating power	2000 W
Inlet power, refrigerating (KW)	0.94
Inlet power, heater (KW)	1.2
Length (mm)	562
Width (mm)	787
Height (mm)	255
Thermostat control	Electronic Thermostat
Nominal input voltage (V)	120/230 (90-265)
Weight (Kg)	32
