Reference: 9600002561

DOMETIC SINEPOWER DSP2012C INVERTER 2000 W

DOMETIC SINEPOWER DSP2012C is an inverter designed to transform the 12 V battery voltage into pure 230 V alternating current.

Sensitive household appliances such as electric toothbrushes, laptops, TVs or DVD players require pure 230 V alternating current, just like sockets in the home. Exactly what your DOMETIC SINEPOWER DSP2012C pure sine wave provides. This sine wave inverter ensures reliable operation of devices up to 2000 W with the vehicle battery.

DOMETIC SINEPOWER DSP2012C is a high quality, innovative and versatile, safe and reliable sine wave inverter with many functions and comfort will make you feel at home. The DOMETIC SINEPOWER DSP2012C has integrated Smart Standby mode that allows you to save energy when the device is not in use. Once connected to AC power, this handy unit recharges the battery with up to 100 A, without exceeding the available mains power.

The inverter DOMETIC SINEPOWER DSP2012C monitors the mains current supply and responds according to the situation, integrating external energy or, if not necessary, charging the vehicle battery. If the external energy source fails completely, the inverter automatically activates and powers the appliances connected to 230 V AC real sine wave. With a maximum current intensity of 2000 W, it guarantees trouble-free operation of coffee machines, microwave ovens and more. The inverter Smart Standby mode saves energy when power is not needed. Maximum flexibility and configurability.

DOMETIC SINEPOWER DSP2012C INVERTER TECHNICAL FEATURES

Depth: 481 mm
Height: 118 mm
Width: 284 mm
Weight: 7.20kg
Input voltage (direct current): 12 V
Output voltage: 230 V
Current consumption - Standby mode: 200 mA
Absorbed current - Zero load: 4 A
Battery Type Lead, AGM, Gel
Energy efficiency < 88 %
Continuous power at 25 °C: 2000 W
Min. operating temperature: -20.00 °C
Max working temperature: 60.00 °C

Are you looking for a product with different characteristics? [HERE](#) you can find the entire DOMETIC range and other specialized brands.

Technical Sheet

Frequency (Hz)	50
Protection degree	IP21
Output voltage (V)	230
Length (mm)	481
Width (mm)	284
Height (mm)	118
Input voltage (V)	12
Kind of wave	Pure Sinusoidal
Continuous power (W)	2000
Weight (Kg)	7,20
