

N. 3 PT1000 in stator winding with terminals in main terminal box MJB500

Reference: MA110-500

N. 3 PT1000 in stator winding with terminals in main terminal box MJB500

Presenting a state-of-the-art solution featuring N. 3 PT1000 sensors integrated within the stator winding, all conveniently terminating in the main terminal box, MJB500. This configuration ensures precise temperature measurements, enhancing the overall safety and performance of electrical systems. The MJB500 box, crafted with premium materials, securely houses the terminals and ensures a robust connection, making it an essential component for professionals seeking accuracy and reliability.

THIS ITEM CAN BE PURCHASED ONLY AND EXCLUSIVELY IN COMBINATION WITH THE MARELLI GENERATORI MJB
