

Bobina Acciaio Ramato (Gas) • Ø 0,8 mm • 1,0 Kg

Reference: 21910108B5

Bobina Acciaio Ramato (Gas) • Ø 0,8 mm • 1,0 Kg

Discover our Copper-Coated Steel Coil designed for gas applications. With a diameter of 0.8 mm and weighing 1.0 Kg, this coil ensures optimal conductivity and robustness. Its copper coating not only enhances performance but also provides added corrosion resistance, making it ideal for various industrial needs.
