

## HONDA TENDER T25 AE3

Reference: T25 AE3

### HONDA Inflatable T25 AE3

Honda Inflatable T25 AE3 is an aluminum dinghy dinghy that can be equipped with Honda outboard motor; this dinghy can be paired with an outboard for up to 6 hp.

HONDA TENDER T25 AE3 is portable, lightweight and perfect for coastal exploration, fishing or simply offshore excursions. With a new bow roller design, a high-quality durable PVC body and larger diameter tubulars for smoother sailing, the new range of **Honwave Tenderers** is perfect for lake or seaside excursions.

With a Honda outboard, it will be even easier to go to sea with the T25 AE3 tender. That's because the tender's larger diameter tubulars ensure excellent flotation and **stability**. Honda quality in both engines and dinghies or tenders always makes a difference in boating.

Honda T25 AE3 has an overall length of 250 cm and can carry up to 3 adults with inside 3 compartments plus the strap. If you take your fun a little more seriously, this inflatable boat with aluminum deck is a super tough option. Suitable for any boating need, its oversized load-bearing tubes have hydrostatic thrust that makes cruising even easier.

HONDA TENDER T25 AE3 are designed to withstand whatever they may encounter on the open sea. This is true for any kind of climate and sea, in fact even the Honda T25 AE3 inflatable boat is protected against everything. HONDA TENDER T25 AE3 is **made from high quality European PVC** - simply the best available - which makes this inflatable boat not only durable but also lightweight.

In addition to being made of European PVC, Honda inflatable boats also have thick planking around the entire boat. This not only acts as a bumper to protect the hoses from puncturing, but its curved shape deflects water jets.

The KIT HONDA TENDER T25 AE3 INCLUDES:

- Carry bag
- Puncture repair kit
- Pressure gauge
- Oars
- Foot pump
- Boat bench
