

OFF BY INDEL B SLEEPING WELL CUBE AIR CONDITIONER 12V

Reference: 019 SW012C02

OFF BY INDEL B SLEEPING WELL CUBE AIR CONDITIONER 12V

The conditioner OFF BY INDEL B SLEEPING WELL CUBE is compact and lightweight and is mainly intended for small environments such as tent, tent trailer or small van with lifting roof.

The OFF BY INDEL B SLEEPING WELL CUBE air conditioner can be easily moved from one vehicle to another, and does not require any fixed installation like all traditional air conditioning systems. Thanks to the flexible air flow tubes it adapts easily to any environment giving a pleasant sensation of coolness and low consumption.

The air conditioner SLEEPING WELL CUBE does not require any special installation, just connect the connector kit to the power cable and it is immediately ready to use. The system is already preloaded and made with the same high quality components found in the entire Sleeping Well product line. In automatic mode SW Cube 12V optimizes the speed of the compressor and of the fans, guaranteeing the lowest consumption.

Technical characteristics of the air conditioner OFF BY INDEL B SLEEPING WELL CUBE

Compressor: Secop BD35OGH
Voltage: 12V DC
Power: 950 Watts - 3250 btu (max)
Volt consumption: 36 amp/h (max 12V)
Heating function: yes
Ventilation power: 6 speeds (450m³)
Remote control: yes
Battery protection: yes
Timer: yes
Dimensions (HxWxD): 400x360x370 mm
Net weight: 19.5Kg
Packaging size (HxWxD): 709x405x385 mm
Gross weight: 19.5Kg+2.8Kg Packaging
