

HONDA HHH 36AXB CORDLESS HEDGE TRIMMER ROTATING HANDLE

Reference: HHH 36AXB E6

HONDA HHH 36AXB CORDLESS HEDGE TRIMMER ROTATING HANDLE

HONDA HHH 36AXB is a cordless hedge trimmer powered by lithium-ion battery, delivers 0.72 KW thanks to which it manages to have exceptional cutting performance in a robust structure.

HONDA HHH 36AXB thanks to its design and its engine, allows you to work where and when you want, ensuring the same level of power as petrol models, in addition to ensuring maximum comfort thanks to the adjustable handle.

The meter-long double-edged blade is versatile and easy to handle, allowing you to change cutting direction in a single stroke. The durable Swiss steel blade makes our hedge trimmer unstoppable even in the face of the most stubborn vegetation.

The front handlebar together with the 180° rotatable rear handlebar makes the HONDA HHH 36AXB grip comfortable even when reaching the toughest spots.

Lithium-ion batteries have been developed to provide our hedge trimmer's brushless motor with the maximum possible power and efficiency, without compromising on durability. Together, the battery and motor maintain optimal steel blade speed, without ever lowering the quality of cutting performance while working.

BATTERIES AND BATTERY CHARGER ARE NOT INCLUDED IN THE PRICE
