

MOBILE AIR CONDITIONER 25000BTU/H

Reference: 25000BTU

MOBILE AIR CONDITIONER 25000BTU/H

Mobile air conditioner is the most effective and convenient solution to quickly remove heat and humidity from working environments, improving the well-being and efficiency of operators.

Each Mobile air conditioner are independent with no need for external units. Therefore, it does not require installation time and costs. A simple click is all it takes to generate a noiseless flow of cold air concentrated on a specific area, both indoors and in specific work areas outdoors, offering high cooling efficiency even at great distances from the unit.

The air conditioner is equipped with a pair of extendable and flexible conveyors that allow to canalize the cold air at any angle, reaching even difficult and narrow environments with the possibility to cool different areas at the same time.

Technical specifications

Cooling capacity: 25000BTU/h
Condenser air flow: 2009 - 2497 m³/h
Evaporator air flow: 985 - 1104 m³/h
Cooled area: 60 - 80 m²
Condensate tank: 18 l
Voltage: 230 V
Frequency: 50 Hz
Phase type: Single phase
Refrigerant: R-410A
Duct diameter: 40 cm
Width: 560 mm
Length: 730 mm
Height: 1300 mm
Net weight: 96 Kg

Technical Sheet

Voltage (V)	230
Refrigerating yield	25000BTU/h

Maximum air flow rate (m ³ /h)	2497
Length (mm)	560
Width (mm)	730
Height (mm)	1300
Product type	Air conditioner
Weight (Kg)	96
