

MOSA MAGIC WELD 150 MOTOR WELDER 150A MOTOR HONDA GX200 STAGE V

Reference: COCN5050

MOSA MAGIC WELD150 MOTOR WELDER 150A HONDA GX200 STAGEV ENGINE

Mosa Magic Weld150 is a power welder equipped with a HONDA GX200 StageV petrol engine. Coated electrode welding is arc welding with protected metal.

The Mosa Magic Weld150 is a highly versatile power welding machine that offers auxiliary power generation. Despite its small size, thanks to the permanent magnet alternator, the machine still offers good power. Mosa Magic Weld150 It is equipped with a powerful 196 cc Honda GX 200 engine, which can deliver a maximum power of 5.8 HP. The tank has a maximum capacity of 3.1 litres. This makes the Mosa Magic Weld150 perfect for use as a welder when an electrical connection is not available.

This DC electrode welder is simple to use and can be easily transported thanks to the convenient top handle. In addition, the auxiliary current is micro-interrupted to protect the connected tools. The Mosa Magic Weld150 is the ideal choice for those looking for a powerful, reliable and easy-to-use electrode welder.

STAGEV EMISSION REGULATIONS Mosa Magic Weld150

Mosa Magic Weld150 is equipped with STAGEV "mobile" motorisation, as required by European Regulation 2016/1628. These new engines make it possible to exponentially reduce particulate and nitrogen oxide emissions from the generator into the environment, and ensure a reduction in environmental impact

by 200% compared to standard engines.

TECHNICAL SPECIFICATIONS Mosa Magic Weld150:

Welding current: 150A / 20V ÷ 130A / 25.2V
Adjusting scope: continuous 20A / 20.8V to 150A / 20V
Duty: 130A / 25.2V @ 60% + 100A / 24V @ 100%
Trigger voltage (no load): 67 VDC
Welding Type: Coated Electrode Welding (SMAW)
Engine Model: Honda GX 200
Fuel: Gasoline
Starter: Manual Stappo
Engine RPM: 4000 rpm
Cylinders / Displacement: 1 / 196 cm³
Emissions Standards: StageV
Tank capacity: 3.1 l
Consumption (60% welding): 1.25 l/h
Autonomy (60% welding): 2.5 h
Acoustic pressure : 99 dB(A) (74 dB(A) @ 7m)
Width: 434 mm

Length: 490 mm
 Height: 373 mm
 Dry weight: 34 kg

Are you looking for a welding machine with different technical characteristics? [Here](#) you can find the full range of MOSA or other brands specializing in the field.

Technical Sheet

Fuel	Gasoline
Frequency (Hz)	50
Engine	HONDA GX200
Emissions Regulations	Stage 5
Engine rpm (rpm)	4000
Starting system	Manual recoil
Engine capacity (cm ³)	196
Number cylinders	1
Cooling	Air
Regulation current (A)	20A / 20.8V - 150A / 20V
Welding current (A)	130A / 25,2V @ 60% + 100A / 24V @ 100%
Open circuit voltage (V)	67
Type of welding current	DC
Type of welding	Coated Electrode Welding (SMAW)
Fuel tank capacity (L)	3.1
Consumption (L/h)	1.25 at 60% of load
Running time (h)	2,5 at 60% of load
Acoustic power	99 dB(A)
Acoustic pressure	74 dB(A) at 7 m
Length (mm)	434
Width (mm)	490
Height (mm)	373
Dry weight (Kg)	34
Silenced	No
Super silenced	No
Engine manufacturer	Honda
