

Generator FullElettric EcoPower EP2496

Reference: EP24/96

Generator FullElettric EcoPower EP2496 Battery energy storage system

Generator FullElettric EcoPower EP2496 energy storage system saves you money and reduces pollution

ZERO emissions, ZERO noise, ZERO liquids

Generator FullElettric EP2496 is an energy storage system that can operate independently or in combination with solar energy, the grid and generators.

Thanks to its innovative technology, the FullElettric EcoPower EP2496 Generator guarantees zero emissions, zero noise and zero liquids, offering you a sustainable and environmentally friendly solution.

Advantages of the FullElettric EcoPower EP2496 Generator

Energy saving: The FullElettric EcoPower EP2496 Generator allows you to reduce your energy consumption, thanks to its ability to store energy produced from renewable sources or the electricity grid.

Reducing emissions: Generator FullElettric EcoPower EP2496 helps reduce air pollution, thanks to its zero emissions.

Flexibility: FullElettric EcoPower EP2496 generator can be used in a variety of applications, from residential to industrial.

Applications of FullElettric EcoPower EP2496 Generator

FullElettric EcoPower Generator is ideal for a wide range of applications, including:

Emergency power supply: FullElettric EcoPower EP2496 generator can provide power in the event of a blackout, ensuring continuity of service.

Reactive energy compensation: FullElettric EcoPower EP2496 generator can help improve the stability of the electricity grid by compensating the reactive energy produced by inductive loads.

Exchanging energy with the grid: The EP2496 generator can be used to exchange energy with the grid, resulting in an economic gain.

FullElettric EcoPower EP2496 Generator: the sustainable solution for your future

FullElettric EcoPower Generator is the ideal solution for those who want to save money, reduce pollution and use energy in a sustainable way.

Technical data FullElectric EcoPower EP2496 generator:

Rated power: 24 KVA

Storage capacity: 48KWh

Frequency: 50 Hz

Voltage: 400 volts

Weight: 1460 kg

Dimensions: 1650x1180x1900 mm

Battery type: LINMC

Quantity: 2

Cycles @ 90%=6000

Recharge Time: 20-90%=2.45Hr/20-100%=3.10Hr

FullElectric generator EcoPower EP2496 is the perfect solution for those who want to live more sustainably and responsibly. With its zero emissions, the Eco Power EP2496 helps reduce air pollution and improve air quality.

FullElectric EcoPower EP2496 generator uses LINMC battery modules, which offer long life and high reliability. The LINMC modules are made of high-quality lithium-ion cells, which guarantee high power and energy efficiency.

Technical Sheet

| Phase | Three phase |
|------------------------------------|---------------------------|
| Continuous power three phase (KW) | 96 |
| Continuous power three phase (KVA) | 24 |
| Fuel | Batteria |
| Frequency (Hz) | 50 |
| Battery type | LINMC |
| Length (mm) | 1650 |
| Width (mm) | 1180 |
| Height (mm) | 1900 |
| Super silenced | Yes |
| Weight (Kg) | 1460 |
| Recharge times | 20-90%-4.30Hr/20-100%-5Hr |
| Voltaggio | 400volt |

modalità UPS

Yes
