

VITRIFRIGO Frigofreezer AIRLOCK C50i

Reference:

VITRIFRIGO Frigofreezer AIRLOCK C50i

The AIRLOCK C50i cooler is the ideal solution for campers and caravans looking for an innovative, functional and user-friendly product.

With a total capacity of 50 litres, of which 3.6 litres are dedicated to the freezer, the AIRLOCK C50i Fridgefreezer is perfect for storing food and drinks while travelling.

The new Airlock locking system has been designed to simplify and integrate several functions, offering an even safer and more practical product.

4 innovative solutions

Positive door closure: prevents accidental opening, ensuring the safety of your food.

Unique fixing profile: allows for quick and easy installation, in both fully and partially recessed versions.

Quick door reversibility: allows the door opening direction to be changed in a few simple steps.

Integrated "vent position" system: keeps the refrigerator door ajar, preventing the formation of unpleasant odours during periods of non-use.

Essential and refined design

The AIRLOCK C50i Frigofreezer comes in an essential and refined two-tone design, available in Light Grey and Black.

The door panel has a matt finish for a modern, contemporary look.

High Intensity LED Technology

The new high-intensity LED light system ensures perfect illumination of the fridge interior, making it easy to locate food.

Availability with bivalent control unit

The AIRLOCK C50i cooler is also available with a bivalent control unit, which allows it to be used with either a 12/24Vdc or 100-240Vac 50/60Hz power supply.

The AIRLOCK C50i cooler is the ideal solution for campers and caravans looking for an innovative, functional and user-friendly product.

With its 50 litre capacity, the new Airlock closure system, and its sleek, essential design, the AIRLOCK C50i Fridgefreezer is the perfect companion for your travels.
