

DOMETIC MOBIL AIR PRO BUNDLE

Reference: 9120002271

Experience Ultimate Comfort with the Dometic Mobil Air Pro Bundle Full Awning

The Dometic Mobil Air Pro Bundle stands out as a full awning solution for caravan enthusiasts, designed for ease of installation and superior stability. With Single Point Inflation™ technology, it inflates quickly, allowing for immediate relaxation.

Measuring 3,950 mm in width and 2,500 mm in depth, this full awning offers generous living space to unwind and enjoy the surroundings. The Weathershield™ Pro fabric ensures optimal protection from the elements, while the Dual-Pitch™ roof system increases internal height and effectively deflects wind and channels water away.

The smart design features removable front and side panels, turning the awning into an open platform to fully embrace nature. This is especially valuable on warm days for fresh air. For starry nights, the side doors with mosquito nets allow for a continuous airflow without the worry of insects.

The Mobil Air Pro Bundle is suitable for Adria Action models 361 LH, 391 PD, and 391 PH, and comes with a practical carry bag, making transport and storage straightforward. Its net weight of 26.10 kg makes it a lightweight yet sturdy addition to your camping gear.

In terms of aesthetics, the Mobil Air Pro Bundle offers a sleek and contemporary look that will complement your caravan. More than just an accessory, it enhances your adventures, creating extra space for guests, pets, or simply more room during your journey.

Purchasing the Dometic Mobil Air Pro Bundle ensures a quality product backed by a reliable warranty and customer service ready for any need. Whether you're looking for a sheltered place for an evening meal or simply space to relax after a day of exploration, the Mobil Air Pro Bundle will perfectly fit your needs.
