

VITRIFRIGO DP2600iX OCX2 STAINLESS STEEL FRIDGE-FREEZERS

Reference: 0400-0115

VITIFRIGI DP2600iX OCX2 STAINLESS STEEL FRIDGE-FREEZERS

Stainless steel refrigerator-freezers: the new OCX2 series from VITRIFRIGO.

Elegant design and advanced functionality: The OCX2 series from VITRIFRIGO features a modern design with square door in satin stainless steel and a top with a polished finish. The unique fixing profile allows installation both "door outside" and "door inside" installation of the DP2600iX OCX2, offering flexibility and space optimisation.

Innovative technology for maximum efficiency: the 'Venting Frame' system improves air circulation, while the 'Vent Position' allows the door to be left ajar to prevent mould and odours.

AX models include a cold-storage evaporator for use even when the engine is switched off.

High-quality materials: Drawer models are made of 316 stainless steel for corrosion resistance.

The high-intensity LED lighting system ensures optimal visibility inside the refrigerator.

Choose perfection for your kitchen: VITRIFRIGO's OCX2 series offers a wide range of models to meet every need.

The DP2600iX OCX2 is the ideal option for those who want an elegant, functional and reliable product.

The VITRIFRIGO Fridge-Freezer is the ideal option for those who want an elegant, functional and reliable product.

With its 230 litre capacity and stylish design, it is perfect for boats, campers and caravans.

Choose the DP2600iX for your kitchen and enjoy a high-quality product that will last.
