

DOMETIC FRESHJET FJX7 3500 AIR CONDITIONER 3500W

Reference:

DOMETIC FRESHJET FJX7 3500 AIR CONDITIONER 3500W

This 3,500W roof-mounted air conditioner represents the perfect combination of high performance, energy efficiency and intelligent design.

Designed to offer maximum well-being in every season, it cools, heats and purifies the air with cutting-edge technology that guarantees rapid results and reduced consumption.

Thanks to the Wi-Fi connection, you can control all functions remotely with a simple touch, while CleanAir Technology eliminates bacteria and unpleasant odors, keeping the camper environment always fresh and healthy.

The integrated 3,000W heater ensures immediate comfort even on the hottest days, while the SmartECO function and adaptive power optimize performance based on external conditions.

The new advanced suspension system and soft-start technology ensure quiet, vibration-free operation. Furthermore, installation is simple: the roof-mounted unit is equipped with a rubber seal, without the need for an additional frame.

It's all wrapped up in a streamlined design with elegant LED curves and sustainable materials, including recycled plastic and eco-friendly refrigerant. Combined with the FJZADBBD diffuser, it offers uncompromising climate comfort – intelligent, powerful, and green.

TECHNICAL FEATURES DOMETIC FRESHJET FJX7 3500:

Cooling capacity: 3500 W
Heating capacity: 3000 W
Input voltage: 220 - 240 V
Input frequency: 50/60 Hz
Refrigerant: R32
CO2 equivalent: 0.44 t
Length: 1090 mm
Width: 700 mm
Height: 283 mm
Weight: 40 K
