

VITRIFRIGO C130L Fridge-Freezer

Reference:

VITRIFRIGO C130L FRIDGE-FREEZER

The VITRIFRIGO C130L is a refrigerator with a freezer from the AIRLOCK series, designed to offer innovative features and ease of use. The Airlock closure system has been created to prevent accidental openings, ensuring a secure seal of the door. This system offers four innovative solutions, including positive door closure, a unique fixing profile for both full and partial recessed versions, and quick door reversibility.

Furthermore, the integrated "vent position" system, VITRIFRIGO C130L, allows keeping the door slightly ajar to prevent the formation of unpleasant mold odors during periods of non-use.

The series of refrigerators and freezers are characterized by their essential and elegant aesthetics, available in two versions: light gray and black, both with a matte finish.

The VITRIFRIGO C130L has a total capacity of 130 liters, with a freezer capacity of 17.1 liters. It is lightweight, with a net weight of 27 kg, and can be powered by both 12/24Vdc and a bivalent control unit 12/24Vdc - 100-240Vac 50/60Hz. The nominal consumption is 45W. The overall dimensions are 525 mm width, 767 mm height, and 565 mm depth.

This product, VITRIFRIGO C130L is available in black and gray colors, with the option to order a "fridge only" version without the freezer compartment.

The door is reversible for greater installation flexibility. The Airlock system is included as standard equipment, with the option to add the optional profile for further customization. Additionally, the VITRIFRIGO C130L offers additional features such as Easy Custom for easier panel customization and a new high-intensity LED lighting system.

The D power system is also optional for further power supply flexibility.

Technical Specifications VITRIFRIGO C130L:

Total capacity litres: 130

Freezer capacity litres: 17.1

Net weight: 27 Kg

Power supply: 12/24Vdc (also available with bivalent 12/24Vdc - 100-240Vac 50/60Hz)

Nominal consumption: 45W

Total width: 525 mm.

Total height: 767 mm.

Total depth: 565 mm.

Panel colour: black / grey

Also available in "fridge only" version (without freezer compartment): yes (C130L version only)

Reversible door: yes
