

MOSA MANUAL TOWING TROLLEY CTM-MV250

Reference: MC1VN70000130

Machines fitted with the CTM accessory (hand trolley) can be transported with convenient handles. The mounted wheels facilitate transportation on the ground.

It is designed for manual use only and is suitable for low-weight machines.

Towing on public roads or motorways of any kind is EXCLUDED because it does not meet the appropriate requirements of national and foreign traffic regulations.

The image is purely indicative.
