

FENZI G12 TANK Outdoor Dispenser 3000LT

Reference: G12 T0300

FENZI G12 TANK OUTDOOR DISPENSER 3000LT

The FENZI G12 TANK Outdoor Dispenser 3000 liters, is specifically designed for safe storage and distribution of AdBlue. Constructed with robust high-density polyethylene, it ensures reliability and durability, with exceptional mechanical and chemical resistance, as well as UV protection.

Features of the FENZI G12 TANK Outdoor Dispenser:

The tank is monolithic, ensuring a robust structure without seams, ideal for preventing leaks and ensuring maximum safety. Available in blue, with a capacity of 3.000 liters, ideal for various storage needs.

Material: Linear high-density polyethylene
Capacity: 3.000 liters
Color: Blue
Resistance: High mechanical, chemical, and UV resistance
Width: 2000 mm
Length: 1450 mm
Height: 1530 mm

Components of the FENZI G12 Outdoor:

Manway with screw cap: Facilitates access for maintenance and filling.
1" Vent valve: Ensures adequate ventilation during filling and dispensing.
2" Fill connection: Allows rapid and safe tank filling.
1" Suction tube: Designed for efficient liquid extraction.

Dispensing Cabinet

The FENZI G12 TANK includes an AdBlue dispensing cabinet, consisting of the following components:

Metal cabinet with key lock: Ensures the security of the distribution system.
Electric diaphragm pump, self-priming, 230V - 50Hz, flow rate 40 L/min: Provides a constant and reliable flow of AdBlue.
Digital turbine flow meter: Allows precise monitoring of dispensed liquid quantity.
EPDM distribution hose, 3/4" section, length 4 m: Provides flexibility and chemical resistance.
Automatic dispensing nozzle: Facilitates easy refueling with automatic flow stop to prevent spills.

The FENZI TANK Outdoor Dispenser offers numerous advantages due to its advanced features. Its robust and durable structure ensures long-lasting performance even in challenging environments, making it ideal for those seeking a reliable and secure solution for AdBlue management.

With a capacity of 3.000 liters and an efficient distribution system, the FENZI G12 TANK Outdoor Dispenser is suitable for a wide range of applications, including industrial sites, fuel depots, and transport companies requiring AdBlue for their diesel vehicles.

The FENZI G12 represents a comprehensive and high-quality solution for the storage and distribution of AdBlue. Thanks to its robust construction and advanced distribution system, it is essential for safely and efficiently managing AdBlue. Choosing the FENZI G12 ensures superior and long-lasting performance in every operational scenario.
