

TELECO CombiSat WiFi65 Automatic HD Satellite Antenna

Reference: 20619

TELECO COMBISAT WiFi65 AUTOMATIC HD SATELLITE ANTENNA

The TELECO CombiSat WiFi65 Automatic HD Satellite Antenna represents an advanced and innovative solution for those who want to stay always connected, both for receiving satellite signals and for using mobile networks. Ideal for campers, vans, and recreational vehicles, this combined antenna TELECO CombiSat WiFi65 offers high performance, versatility, and ease of use.

The TELECO CombiSat WiFi65 Automatic HD Satellite Antenna integrates two systems into a single device. The automatic HD satellite antenna TELECO CombiSat is designed for receiving DVB-S2 signals, compatible with all TVs equipped with DVB-S2 tuners and satellite receivers. At the same time, the mobile network antenna supports NR5G, 4G, LTE, and 3G, ensuring a stable and fast connection for devices such as tablets, smartphones, and computers.

The state-of-the-art control unit included features 16 pre-set satellites for quick and easy searching. Thanks to the OLED graphic display, control is intuitive, while the Bluetooth function allows operation via smartphone using the TELECO App. The CI Bus system optimizes management and enables direct software updates via Bluetooth.

With compact dimensions, the TELECO CombiSat WiFi65 Automatic HD Satellite Antenna is designed for easy installation on the vehicle's roof. The waterproof cable pass-through ensures the cables can be easily routed inside the vehicle, providing a clean and secure installation.

Thanks to Wi-Fi compatibility, this TELECO CombiSat WiFi65 can be connected to the optional WLT24EX router to create a stable Wi-Fi source via a SIM card. This makes it possible to power SMART devices such as TVs, tablets, and PCs, ensuring optimal connectivity even on the move.

Safety is a key feature: the satellite antenna is equipped with an automatic closing system that activates when the vehicle starts, ensuring peace of mind and protection during travel.

Technical specifications of the TELECO CombiSat WiFi65:

Dish dimensions: 63.5 x 59 cm

Weight: approximately 9.0 kg

TWIN option: support for 2 receivers.

Mobile antenna cable: 5 meters long with connector.

The TELECO CombiSat WiFi65 is the ideal companion for those looking for a complete technological solution for entertainment and connectivity while traveling. With reliable performance, universal compatibility, and a practical design, this antenna offers everything needed for an uncompromised experience.
