

Vinco 60157 Generatore di corrente Silenziato 3.5 KW Stage V

Reference: 60157

Vinco 60157 Silent Generator 3.5 KW Stage V

Vinco 60157 Generator: Silent power for your energy needs

When the power goes out or adventure calls, the Vinco 60157 Generator stands tall Like a beacon in the night, ready to illuminate your energy needs with 3.5 kW of clean, quiet power. This rugged, portable companion effortlessly powers a wide range of devices, from energy-hungry power tools to lifesaving appliances, ensuring power flows even during outages or outdoor escapes.

With a 3.0 kW nominal power output, the Vinco 60157 Generator ensures a constant and reliable flow of power, continuously powering your devices, whether at home, at work, or for leisure. The maximum power of 3.5 kW guarantees the ability to handle even peak consumption or start electric-powered devices, making it suitable for even the most demanding applications.

The Vinco 60157's electric start eliminates the physical effort required for manual starting, making the Vinco 60157 generator easy and convenient to use, even for less experienced users.

Compatibility with the standard voltage and frequency of 230 V / 50 Hz makes it a perfect companion for most homes and construction sites in Europe, while the two 16A sockets offer the flexibility to power two devices simultaneously, with a maximum current of 16A per socket.

But the Vinco 60157 generator isn't just limited to powering large appliances. The 12V output makes it perfect for charging batteries, powering low-voltage devices, or giving a lifesaving boost to those essential gadgets when power is low.

With a 7.5-liter tank, the Vinco 60157 Generator offers a runtime of approximately 4.1 hours at rated load, allowing you to enjoy power without worrying about frequent recharging.

A distinctive strength of the Vinco 60157 Generator is its quiet operation. With a noise level of just 96 dBA at 7 meters, it is one of the quietest generators in its class, making it ideal for use in noise-sensitive environments such as campsites, gardens, or late-night construction sites.

The Vinco 60157's integrated inverter technology ensures a clean and stable sine wave, perfect for powering sensitive electronic devices such as computers, smartphones, and tablets without the risk of damaging them.

Powered by an efficient 149.5 cc, 5.6 HP gasoline engine, the Vinco 60157 generator boasts a robust and compact design, measuring 635 x 360 x 530 mm, making it easy to transport and store, perfectly adapting to a variety of needs. Furthermore, its compliance with the STAGE V standard for gasoline engine emissions reduces environmental impact, making it a conscious choice for those concerned about eco-sustainability.

Technical Features of the Vinco 60157:

Rated Power (MF): 3.0 kW
Maximum Power (MF): 3.5 kW
Starting: Electric
Voltage - Frequency: 230V/50Hz
Sockets: 2x16A
Fuel Tank: 7.5 L
Autonomy at 100% load: 4.1 h
Noise Level at 7 m: 96 dBa
12V Output: Yes
Voltage Regulation Type: INVERTER
Power: 5.6 HP
Displacement: 149.5 cc
Engine speed: 3600 RPM
Oil capacity: 900 ml
Weight: 37.5 kg
Product dimensions: 635 x 360 x 530 mm

Technical Sheet

Phase	Single phase
Maximum power single phase (KW)	3.5
Continuous power single phase (KW)	3
Frequency (Hz)	50
Voltage (V)	230
Engine rpm (rpm)	4500
Starting system	Elettrico
Engine capacity (cm ³)	149.5
Tank capacity (L)	7.5
Running time (h)	4.1
Acoustic power	96 dB(A)
Length (mm)	620
Width (mm)	350
Height (mm)	520
Voltage regulator	Inverter
Weight (Kg)	37.5
