

FLEXIBLE EXHAUST PIPE D. 100 mm ZINC

Reference: AZ1-100

The aim of flexible hoses is to absorb vibrations coming from the engine and from the rest of the exhaust. Flexible hoses can be of various sizes, from 10mm to 400mm, in ZINC or INOX. Our flexibles are produced with double lock-system to ensure maximum seal capacity and durability. This product can guarantee complete adaptability and premium quality thanks to raw materials and continuous technical controls aimed at ensuring the real functionality of products.

Non binding images and data.

Technical Sheet

Fluid type	Exhaust gas
